

## Seasonal Library Assistant

The Cape May County Library needs a seasonal employee to work with the public, with an emphasis on working with our teen population. We are looking for a person with: good customer service skills, the ability to learn a software system, basic reading and math abilities, and the strength to handle some physical tasks (lifting, pushing, standing...). A driver's license clear of violations and flexibility regarding working locations is desirable.

Seasonal positions last four to six months with a 35-hour workweek. Some Saturday hours and night shifts will likely be required. The starting pay is \$11.00 per hour.
